

## How to become wheelchair basketball classifier

We have three levels of classifiers in wheelchair basketball.

- National
- Zonal
- International

In order to be accepted as a candidate for the Zone Classifier or International Classifier level, individuals must be proposed officially by their NOWB and fulfil the following obligations:

### IWBF system of Certification of Zone Classifiers

Be involved in wheelchair basketball in their country, be motivated and in particular have observed and followed a great number of matches. It is recommended that students proposed for examination have a minimum of 2 years experience in classifying at the national level.

Candidates must attend a Classification course organised for the purpose of training IWBF classifiers. The course will be under the direction of International Classifier Instructors and will include.

### IWBF system of Certification of International Classifiers:

Candidates for the International License must have a minimum of one year experience after receiving their Zone License and have continued to classify players in their own country and/or Zone before applying for certification at the International level.

It is not the responsibility of IWBF for any candidate expenses including transportation, accommodation, meals and fees.

If you would like to become classifier you need to participate in courses at each level. You need to pass the exam for each level.

All documents that you need you will find in Classification Section.

If you have any questions please contact with any of three European Classifier Instructors:
