

## **Guidelines for EuroCup 2023 Players' classification**

1. All **players with IWBF classification** should undergo a reclassification process by the end of the 31st December 2022.
  - (i) All players with a prior IWBF classification are eligible to play in club competition.
  - (ii) All players without IWBF or IWBF Europe classification will be treated as a **New Players (N)**.
2. **Players Cards**
  - (i) At the competition, each player holding an IWBF or IWBF Europe classification should present the classification card or report the loss of the card.
  - (ii) All lost cards and cards for New Players (N) will be issued by a Classification Commission upon payment of the fee for new players.
  - (iii) All players must be in possession of a valid IWBF or IWBF Europe Players Card to be registered on the scoresheet.
3. **60 days before the competition**, the team should send electronically the following documents regarding the New Players:
  - a) Athlete Agreement Form with player's signature;
  - b) Medical Diagnostic Form (MDF):
    - filled in with **all** the information concerning the Health Condition and mark the proper Impairment(s) caused by the health condition;
    - Chronology of events and/or treatments made;
    - must be signed by a health professional;
    - complete all parts of MDF.
  - c) Other supporting documents i.e.:
    - Manual Muscle Test for players with impaired muscle power;
    - Passive range of movement evaluation for players with Impaired passive range of movement;
    - ASIA test for players with spinal cord injuries;
    - Photo of lower limbs and full body for players with Limb deficiency / loss or length leg difference;
    - Any images from X-ray or MRI must be identified with the name of the player; Medical reports must be clear and with the identification of the players and the Health Professional that signs the document;
    - Manual Muscle Test (MMT) and Passive Range of Movement (PROM) tests must be identified and signed by the person that performed the test – these tests are better to be done by an independent professional and not by the medical staff of the team;
    - MMT should be done in detail and mentioning results for all muscles significant to justify the impairment;
    - When a photo is sent please send a full body photo where we can see the face of the player so it can be identified; the player should be dressed with short pants and shirt; if short pants is not possible wear tight pants;
    - Players name **MUST** be on all documents including photos.
4. **The player's documentation will be verified by the Eligibility Assessment Panel.** Each player who is considered Eligible will be able to play in EuroCup competitions as a New Player. A player who is not considered Eligible will not be able to play in the EuroCup competitions.
5. **During the EuroCup competition**, the New Player will be classified with a verification meeting, observation during the games and final results provided after last game.

All documents for New Player need to be included into sync cloud system. For password and other information please contact with Bartosz Molik: [bartosz.molik@awf.edu.pl](mailto:bartosz.molik@awf.edu.pl)
